

Community and Culture Lead

About the role

You will be an integral part in our mission to establish an open community for designers on campus. Primarily, you will be in charge of leading events that help maintain our community & culture beyond our pre-professional events. This includes, but is not limited to social events and the mentorship program. Examples of social events we've thrown in the past include hiking Potato Chip Rock, potlucks, and boba runs! You will work closely with our VP Internal on these events and will also assist them in organizing fundraising initiatives and the mentorship program. This is an opportunity to gain experience working in a team setting, help strengthen our community, and network with industry professionals.

Responsibilities

- Help facilitate and maintain the Design at UCSD Mentorship Program
- Focus on building the community and culture around Design at UCSD
- Plan and lead social events for our community internally and externally
- Plan and lead fundraising events in close collaboration with our VP Internal and VP Finance

Qualifications

- Prior experience with event planning
- Proficient knowledge in completing TAP forms & applying for AS funding
- Passion for building community around design
- Experience with digital photography a plus!
