# Community and Culture

## About the role

We are excited that you are interested in joining our board here at Design at UCSD! We are a group of passionate students that work to create a community of designers at UCSD and put on events to help prepare students for success in industry and beyond.

You will be primarily in charge of spearheading events that help maintain and expand the Design at UCSD community & culture beyond our workshops and industry events. You will be in charge of initiating community events such as socials and leading our mentorship program. A few examples of social events we've hosted in the past include hikes at Torrey Pines and Potato Chip Rock, potlucks, and boba runs! You will work closely with our VP to plan these events and will also assist in organizing fundraising initiatives.

## Responsibilities

- Help facilitate and maintain the Design at UCSD Mentorship Program
- Focus on fostering the Design at UCSD community to plan and lead social events for our community internally and externally
- Plan and lead fundraising events in close collaboration with our VP
- Attend weekly board meetings ~1.5 hours
- Be a friendly face at our GBM's for new and returning members
- Take the initiative to prepare and lead one or more GBMs per quarter, either on your own or in collaboration with another board member or design community member

## Qualifications

- Prior experience with event planning
- Proficient knowledge in completing TAP forms & applying for AS funding
- Passion for building community around design
- Experience with digital photography a plus!
